Attached is a final rule that amends the reporting regulation to require any member savings association within the jurisdiction of a Federal Home Loan Bank ("FHLBank") and that currently reports data from which the FHLBank calculates an adjustable rate mortgage index, to continue to provide the FHLBank with such data upon the FHLBank's request. Such data are currently extracted from the monthly Thrift Financial Report ("TFR") and reported to the FHLBank

independently of the TFR. The regulation will ensure that the adjustable rate mortgage index data continue to be reported upon the FHLBank's request, notwithstanding the elimination of the monthly TFR beginning January 1, 1993.

The rule is published in the *Federal Register*, Vol. 57, No. 248, pp. 61249-61251.
