Thrift Bulletin 31

Over the past few years, CASD has undertaken several different initiatives to improve the flow of infor-

mation from the Office of General Counsel to both industry members and their representatives and to members of other Board Offices and the District offices. One of these efforts was the inception of a series of "Corporate and Securities Memoranda" which the Division uses to discuss significant legal issues or developments which would be of interest to these groups.

With the issuance of this Bulletin, the Corporate and Securities Memoranda will appear under number 31 in the Thrift Bulletin series. The first memo will be numbered TB 31-1, and others will be numbered accordingly. If applicable, each memo will cross-reference the original CASD Memo number.
